To Whom It May Concern,

This letter serves to recognize Aditia Saputra for their exceptional contributions as a security researcher. Aditia recently identified and reported a vulnerability (CVE-2026-64638) in a staging environment under our management.

Aditia demonstrated high ethical standards, performing their research in a responsible and controlled manner. They communicated effectively and transparently throughout the remediation process, ensuring security was prioritized without risking data exposure. We greatly value this professional collaboration and would happily recommend Aditia for future security research or cybersecurity engagements.

Sincerely,

Mark Baldwin

CEO, White Tiger Cyber
